Can I Link My Bank Account to Ledger Wallet? @vOlAriS%%Millas≈ff]]~¿

simple answer is that Ledger itself does 📞 **Call Us Today:** USA/Canada ☎ +1 888 590 9448 • Toll-Free directly connect to your bank account because it is a hardware wallet designed mainly for storing your crypto securely offline. However, there is a clear step-by-step way to move your funds safely if you want to cash out or use your bank 📞 **Call Us Today:** USA/Canada ☎ +1 888 590 9448 • Toll-Free.

Step one: transfer your crypto from your Ledger wallet to a trusted exchange that supports fiat withdrawals. Step two: sell your crypto on that exchange for your preferred currency such as USD or CAD. Step three: withdraw the money directly into your linked bank account. If you ever feel unsure about the process 👉 Need Help?
